Collector of South Kanara.

To

The Secretary to the Board,

Land Revenue & Settlement,

M a d r a s.

S i r,.

Establishment--Temporary--Draftsmen--Further retention--1935-36--sanction sought.

Two draftsmen have been employed in this district on a temporary basis since September 1927 and the sanction last accorded for their retention expires at the end of the current official year--please see G. O. No. Ms. 2103 Rev. dated 26th October 1934 communicated with B. P. Rout. No. 5786 dated 30th October 1934.

2. Sub division work continues to be heavy in this District. The number of sub divisions received for scrutiny for the first time during the year ending on 31.1.1935 was 11560, which is almost equal to the average for the three preceding years as shown in the margin.*

1. 2. 1931	to 31.1.32	... 9663
1.2. 1932	to 31.1.33	...13395
1.2.33	to 31.1.34	...12893
	Average	...11983

During the year in question the two temporary and the one permanent draftsman in this office scrutinised 10557 sub divisions for the first time, and 4199 sub divisions for the second time and plotted 13708 ordinary sub divisions and 4894 errata sub divisions in the Taluk copies of the Field Measurement Book, besides doing other items of work such as plotting new fields in the maintenance set maps, preparing copies of plans on requisitions from the correspondence section of this office etc. The arrears on 31.1.1935 consisted of

6481 sub divisions compared with 7970 sub divisions on 31.3.1934.

It will thus be seen that making allowance for occasional periods of vacancy , in the posts, all the draftsmen had fairly heavy work to do during the period in question.

3. As the further retention of the two temporary draftsmen is quite necessary both for the clearance of the arrears and to cope with the volume of incoming work which shows no signs of decrease I request that the sanction of Government may be obtained for their retention during the official year 1935-36. There may indeed be a heavy increase of work as the resettlement involves the sub division of more than 10,000 cases where parts of dry fields have been converted to wet or garden. The effecting of these sub divisions in the taluk and village records is a work for the current year. Provision has been made in the budget estimate under "5 L.R.--charges of Dt. Admn" to meet the anticipated expenditure.

Your obedient servant,

Collector.
